

**CENTRAL MAINE POWER COMPANY
RESPONSE TO BANGOR HYDRO-ELECTRIC COMPANY'S
DATA REQUEST NO. 1
DOCKET No. 2008-255**

October 15, 2008

BHE-01-05

- Q.** What will CMP's and PSNH's response be to any customer in BHE's service territory who might request to take service from the MPRP facilities located in BHE's service territory. Please provide all documents supporting CMP's and PSNH's response.
- A.** The small portion of MPRP that will cross BHE's service territory involves connecting two lines into MEPCO's Orrington Substation. Both lines will be regional transmission facilities. Any request to interconnect to these regional facilities will be coordinated by ISO-NE.

Response Prepared & Submitted By:
