October 29, 2008

EX-02-01

- Q.** Please provide a geographically accurate map showing the transmission facilities in Maine. On this map please indicate the local areas used to structure the various dispatches. On this same map, please show the location of each generating station over 25 MW, the rating of each unit, and fuel type.
- A.** The attached transmission system map has been modified to show the southern, central, and Bangor regions of the system and the location of each generating station over 25 MW.

The attachment to this response is confidential and is being provided under the terms and conditions of First Revised Protective Order No. 2, Critical Energy Infrastructure Information, dated August 27, 2008

Response Prepared and Submitted By:
