

**CENTRAL MAINE POWER COMPANY
OBJECTION TO FOURNIER'S DATA REQUEST NO. 1
DOCKET No. 2008-255**

October 1, 2008

FOURNIER-01-14

- Q.** CMP's Real Estate Department manager, Ken Freye has stated that the gas pipeline we now know is located on our property in Eliot was negotiated for CMP by himself with the gas company, I believe in 1998. Please give the exact dates of the negotiations by CMP to use the Easement by the gas company, the copies of the contracts between CMP and the gas company or companies, the exact names of the gas companies and the exact nature of the land involved for easement use by the gas company or companies and location of that easement. In particular where is that easement as it relates to the CMP electric easement on our land? Please explain where the right of CMP exists within the Easement on our land to share the use with a gas company.
- A.** CMP Objects to this request on the ground that it is unduly vague and to the extent that it seeks confidential information relating to real estate negotiations. Notwithstanding and without waiving this objection, CMP will provide a response under the terms and conditions of Protective Order No. 3, Information Related to Negotiations to Acquire Property Rights, dated September 26, 2008.
